

1 **Annex: Recommendations to UNCRC**

2

3 **In addition to the 5 key recommendations stated in the written contribution, the World Future**  
4 **Council would like to recommend that the UNCRC also consider the following proposals:**

5

6

7

- To ensure laws are in place to guarantee the property and inheritance rights of orphans.

8

- The UNCRC should address the issue of the status of inhabitants of disappearing territories (e.g. climate refugees) as international law does not currently provide clear answers.

9

10

- The increased number of unaccompanied minors raises the issue of the protection of their rights and wellbeing and has to be addressed to by UNCRC.

11

12

- States Parties should be encouraged to provide for legal enforcements of environmental rights where already in place and/or to consider including them when redrafting national constitutions.

13

14

15

- The need for a comprehensive and holistic study on the impacts on climate change and environmental degradation on the enjoyment of the rights of the child.

16

17

- To encourage States to strengthen their judiciaries in favour of children's wellbeing.
